 New Book ***** Print on Demand *****.It was a dark, cold
 evening early in November. We raced up to the traffic lights
 which were, of course, on red. I sat there willing them to
 change to green; we were going to miss the birth of our baby if
 we didn't get to the hospital in time. This story is about a lady
 who has Marfan syndrome - a genetic disability. When she got
 married, she wanted to start a family with her husband, just
 like any other couple, but it was to be a far from easy journey.
 But due to her determination, the IVF process and surrogacy,
 she was able to succeed in the end. This book details one
 woman's emotional journey to have a child of her own. Facing
 the highs and lows with strength and courage, her tale will
 inspire all out there who are travelling the same road.
